I. Executive Summary

MED-Project WA, LLC's ("MED-Project") Product Stewardship Plan for Covered Drugs from Households ("Plan") was approved by the Washington State Department of Health (the "Department") on May 25, 2020. Per the Plan, MED-Project will initiate operations by November 21, 2020, which is within 180 days of the Plan approval date. This first Annual Report for the 2019 reporting period was requested by the Department and includes an update to the annual budget that occurred after the submission of the proposed Plan and a list of Covered Manufacturers participating as of May 2020. No operational information for the Department is available to report for the 2019 calendar year because the MED-Project operations start date is November 21, 2020.

II. Annual Budget

MED-Project has developed a budget based on the assumptions covered in Section XI of the Plan. The Program budget for total cash expenditures includes forecasts, projections, and other predictive statements that represent MED-Project's assumptions and expectations in light of currently available information. This program budget is based on MED-Project's current knowledge of performance, industry trends, and other factors, and involves risks, variables, and uncertainties. MED-Project's actual performance results may differ from those projected in the program budget. No guarantee is implied as to the accuracy of the program budget. MED-Project updated the annual budget based on modifications made during the proposed plan review process with the Department. As a result, MED-Project is projecting an increased budget estimate from the annual budget submitted in the approved Plan.

In accordance with RCW 69.48.090(1) and WAC 246-480-040(5)(a-c), MED-Project's budget is summarized in Table 1:
