- An explanation of why each accommodation is recommended and why it is necessary to alleviate the impact of the disability in taking the written and/or clinical examination.

The Board reserves the right to request additional information at any time from the candidate requesting accommodations on its examinations.

**PROCEDURE TO REQUEST AN ACCOMMODATION:**

1. The applicant must submit the required documentation with the licensure application prior to the approval of the applicant to sit for the denturist written and/or clinical examination. The required documentation includes a completed Applicant Special Accommodations Request Form, Professional Documentation of Disability Form, Professional Documentation of Disability Form and School ADA Accommodation History Form. These forms will be provided by the Board to an applicant upon request. The applicant is not precluded from providing any additional documentation. The cost of providing the required documentation is the applicant's responsibility.
2. Receipt of the licensure application and required documentation will be acknowledged by the Board. If the applicant's documentation is incomplete or insufficient, notice will be given to the applicant by the Board.

The Board will review the request only after receiving all of the required documentation. Processing and decision-making on a completed application is expected to take three (3) weeks. Each request will be considered on its own merit relative to the documentation received regarding the disability.

If the applicant has more than one disability for which he/she is seeking accommodation, separate documentation is required for each disability.

## **QUALIFIED APPLICANTS:**

The ADA defines an individual with a disability as a person who has a physical or mental impairment that substantially limits that person in one or more major life activities, has a record of such impairment, or is regarded as having such impairment. “Major life activities” include functions such as caring for oneself, performing manual tasks, walking, seeing, hearing, speaking, breathing, learning, and working.

Disability under the Washington Law Against Discrimination (WLAD) means the presence of a sensory, mental, or physical impairment that is medically cognizable or diagnosable; exists as a record or history; or is perceived to exist. A disability exists whether it is temporary or permanent, common or uncommon, mitigated or unmitigated, or whether or not it limits the ability to work generally or work at a particular job or whether or not it limits any other activity within the scope of WLAD.

A “qualified” individual with a disability is one who meets the statutory and regulatory requirements to sit for the examination and with or without reasonable accommodation, can perform the essential functions of a dentist.

**Reasonable Accommodation** means a modification in the examination administration that does not fundamentally alter the requirements for licensure or the measurement of the knowledge, skills and abilities, the examination is designed to test or that does not impose an undue hardship.

### **Confidentiality of Required Documentation**

The Board shall maintain confidentiality of health care information obtained through the accommodation process to the extent the law allows and conditioned upon the Public Records Act, RCW 42.56. Further dissemination may be made to Board staff or an independent expert hired by the Board to assist in evaluating the application as needed to ensure effective management of the reasonable accommodation process. Retention and destruction of the documents will be made pursuant to the Department of Health’s Record Retention Policy.

## **BOARD DECISION MAKING PROCESS:**

Applications will be reviewed to determine whether the applicant is a Qualified Applicant and, if so, whether the modification is a Reasonable Accommodation. The Board recognizes that it must provide thorough yet expeditious review and decisions upon receipt of completed requests for examination accommodations. For purposes of such reviews, one Board member will coordinate with the program manager to ensure that any request or appeal is complete and to communicate with the applicant in a timely manner regarding any incomplete request or appeal and what the applicant must do to complete the request or appeal.

Completed requests, will be presented to a Board panel for consideration.

Once the applicant is determined to meet the definition of a Qualified Applicant, then the requested accommodation will be considered in terms of whether the accommodation:

- Will fundamentally alter the knowledge, skills and abilities the examination is designed to measure,
- Is appropriate to the identified need, and
- Is within the parameters of the both the ADA and WLAD's requirements

In addition, \*an accommodation may not be reasonable if it causes the Board undue hardship. Undue hardship means an action requiring significant difficulty or expense. When determining reasonableness, the Board will consider the following:

- The nature and cost of the accommodation,
- The impact of the accommodation on operations of the testing center,
- The overall financial resources of the Board, and
- The availability of alternative accommodations that would not impose such hardship.

Examples of accommodations that could be provided include:

- One and half times the standard time given
- Double the standard time given
- Zoom Text (software that enlarges print on the computer screen)
- Screen magnifier
- Separate room
- Reader
- Scribe

If a candidate requests a reasonable accommodation that is not included in the standard list, the Board may work with the Department of Health to accommodate the individual. Some examples of other accommodations that may be provided are: Colored overlays, magnifiers for paper exams, and ear plugs.

The Board's decision on a request or an appeal will be communicated in writing to the applicant at the address used by the applicant on the applicable form or document. The Board's written decision will identify any relevant facts, its conclusions, and its decision. If independent expert opinion is used, the decision will reflect the source of such independent expert opinion. Any decision on a request that does not grant a specific accommodation as requested by the applicant will identify for the applicant his or her rights to appeal and the appeal process as described herein. If the modification granted is not listed among those provided on the Applicant Special Accommodations Request Form, the decision to grant the accommodations will be subject to final approval by the board. The applicant will be informed of this final condition.

### **APPEAL PROCESS**

An applicant whose request for accommodation is denied in whole or in part may request an adjudicative proceeding consistent with WAC 246-11. The request must include:

- (a) Applicant's name and address;
- (b) Date of request;

- (c) The response to the denial;
- (d) The grounds for the appeal and,
- (e) The applicant's signature.

The request may be accompanied by any further documentation and/or explanation not previously provided which the applicant wishes the board to consider in making a decision on the applicant's appeal. The appeal must be postmarked no later than twenty (20) days after the applicant is served with the denial. The written decision of denial will describe how an appeal may be requested and will be accompanied by a request form. The Board will issue a written decision on any timely appeal within thirty (30) days of receipt. The Board's decision will be mailed to the applicant to the address listed in the appeal.
