

OTP RULE-MAKING KICKOFF WORKSHOP #4
Health Systems Quality Assurance
Office of Community Health Systems
Facilities Program

NISQUALLY INDIAN TRIBE

The background of the text is a scenic landscape photograph. It shows a wide river valley with a winding road on the left side. The river is a light blue color, and the surrounding hills and mountains are covered in dense green forests. The sky is a clear, pale blue with some light clouds. The overall scene is bright and natural.

The Washington State Department of Health headquarters are built on the traditional lands of the Coast Salish peoples, including the Nisqually and Chehalis Tribes.

We acknowledge the systemic policies of genocide, relocation, and assimilation that have and continue to impact many Indigenous/Native American families. This land was occupied, and its traditional people were displaced by settlers and the United States military.

This acknowledgement does not take the place of authentic relationships with Indigenous communities but serves as a first step in honoring the land we are on.
