Agency: Department of Health – Board of Hearing and Speech

Subject of possible rule making: Hearing and Speech – Implementing legislation, removing barriers to licensure, and providing clarification. The Board of Hearing and Speech (board) is considering amendments to the following WAC sections to implement Second Substitute House Bill (2SHB) 1724, (chapter 425, Laws of 2023): WAC 246-828-020 Examinations, WAC 246-828-510 Continuing Education, and WAC 246-828-617 Requirements for speech-language pathology assistant certification. The board may also consider making related updates or new sections to clarify and streamline licensure in chapter 246-828 WAC.

Statutes authorizing the agency to adopt rules on this subject: RCW 18.35.161 and 2SHB 1724, (chapter 425, Laws of 2023).

Reasons why rules on this subject may be needed and what they might accomplish: Section 8 of 2SHB 1724 directed all disciplining authorities for licensed professionals to waive certain requirements for licensure for specific types of applicants. The intent of the bill was to make disciplining authorities review and adjust licensure requirements to remove barriers to entering and remaining in the health care workforce, and to streamline and shorten the credentialing process. Rulemaking may be necessary to amend licensure requirements to align with section 8 of 2SHB 1724. Additionally, the board will consider clarifying rule language on the speech-language assistant certification requirements in WAC 246-828-617 to address confusion about the education and experience needed to get the certification.

Identify other federal and state agencies that regulate this subject and the process coordinating the rule with these agencies: None

Process for developing new rule (check all that apply):

- Negotiated rule making
- Pilot rule making
- Agency study
- Other (describe) Collaborative Rulemaking
